

To get credit in the VI - VII semesters for students of the Faculty of International Students, it is necessary:

- 1) attending all practical classes;
- 2) positive assessment of practical skills:
 - surgical node;
 - test on general surgical instruments;
- 3) it is necessary to have positive ratings on the tests:
 - "Upper and lower extremities, operations" on extremities;
 - "Head, neck, operations on the head and neck";
 - "Chest wall, chest cavity and operations on them";
 - "Anterior abdominal wall, abdominal cavity. Operations on them";
 - final for the 6th and 7th semesters.
- 4) positive assessment on the topic "Intestinal suture" or "Skin suture";
- 5) positive assessment on the "Practical skills" test;
- 6) a positive assessment for the student report theme (topics for presentation) on the topic of the lesson "Pelvis, perineum".

In case of omissions, regardless of the reason, it is necessary:

- 1) have permission from the dean's office for admission to classes.
